HOW ORDERING WORKS

Six steps to the keys.

Choose supply-only, with full instructions and support, or a complete installation by our experienced team, including foundations, electrics and plumbing where needed. We ship to most countries, or you can arrange collection yourself.

01

Select

Choose a model from this catalogue, or talk your requirements through with our design and sales team.

02

Lay out

For multiple units, our resort and community designers plan the mix and site layout.

03

Book

Complete the booking form; a 75% advance payment secures production.

04

Inspect

Inspect your unit before final payment and delivery, in person or on Zoom.

05

Deliver

Transport is quoted separately by distance and access. Installation assistance is available.

06

Hand over

You get the instruction manual, and our team can help with the roughly two-hour set-up.

LEAD TIMES

- **Capsule pods**: delivered in around 90 days, connected in hours
- **A-frames**: assembled on site, normally within two days
- **Garden rooms & steel structures**: factory-made in weeks
- **Rapid-response units**: on site in days

FOR LANDOWNERS

- **Free advice call**: phone, Zoom, WhatsApp or in person
- **Site visit & plan**: layout, amenities and planning advice
- **Launch**: listings on Airbnb, Booking.com and more
- **Run it your way**: we manage bookings, or train you to

Images are for illustration and include design renders. All specifications are provided for reference; final unit configuration, availability and pricing are confirmed on booking.
